

Advances in Polar Science

CONTENTS (Volume 29, 2018)

Number 1

Polar science needs a foundation: where is the research into polar infrastructure?

Adrian MCCALLUM

Arctic warming and its influence on East Asian winter cold events: a brief recap

Seong-Joong KIM & Baek-Min KIM

Glacier systems response on climate change by the definite climatic scenario: northeast Russia

Maria D. ANANICHEVA & Roger BARRY

Occurrence of seabirds and marine mammals in the pelagic zone of the Patagonian Sea and north of the South Orkney Islands

José Luis ORGEIRA

Aspect sensitivity of polar mesosphere summer echoes observed with the EISCAT VHF radar

LI Hui, WU Jian, TIAN Ruihuan, JIANG Xiaonan & LIANG Yonggan

The post-Paris approach to mitigating Arctic warming—perspectives from shipping emissions reduction

BAI Jiayu & MA Yuan

Influence of the Agreement on Enhancing International Arctic Scientific Cooperation on the approach of non-Arctic states to Arctic scientific activities

LIU Han

Number 2

Foreword

Progress of Antarctic meteorite survey and research in China

MIAO Bingkui, XIA Zhipeng, ZHANG Chuantong, OU Ronglin & SUN Yunlong

Progress in Chinese Antarctic geodetic remote sensing

E Dongchen, WANG Zemin & ZHANG Shengkai

Distribution domains of the Pan-African event in East Antarctica and adjacent areas

REN Liudong, ZONG Shi, WANG Yanbin & LI Chong

U-Th-Pb monazite and Sm-Nd dating of high-grade rocks from the Grove Mountains, East Antarctica: further evidence for a Pan-African-aged monometamorphic terrane

LIU Xiaochun, LING Xiaoxiao & JAHN Bor-ming

Metamorphism and zircon U-Pb dating of high-pressure pelitic granulites from glacial moraines in the Grove Mountains, East Antarctica

CHEN Longyao, WANG Wei, LIU Xiaochun & ZHAO Yue

SHRIMP U-Pb zircon geochronology of granites from Sansom Island, Prydz Bay, East Antarctica

CUI Yingchun, LIU Xiaochun, LIU Chenguang & LIU Jianhui

Preliminary investigation of rubidium distribution in the Grove Mountains area, East Antarctica

LI Yan & HUANG Feixin

Number 3

Foreword

Workshop on Polar Climate Changes and Extreme Events

Zhaomin WANG, Xiangdong ZHANG, John TURNER & Annette RINKE

Atmospheric feedbacks on Arctic summer sea-ice anomalies in ensemble simulations of a coupled regional climate model

Annette RINKE, Dörthe HANDORF, Wolfgang DORN, Klaus DETHLOFF, John C. MOORE & Xiangdong ZHANG

A glacial control on the eruption rate of Mt Erebus, Antarctica

Maximillian VAN WYK de VRIES

Determination of Arctic melt pond fraction and sea ice roughness from Unmanned Aerial Vehicle (UAV) imagery

WANG Mingfeng, SU Jie, LI Tao, WANG Xiaoyu, JI Qing, CAO Yong, LIN Long & LIU Yilin

Extreme events as ecosystems drivers: Ecological consequences of anomalous Southern Hemisphere weather patterns during the 2001/2002 austral spring-summer

Dana M. BERGSTROM, Eric J. WOEHLE, Andrew R. KLEKOCIUK, Michael J. POOK & Robert A. MASSOM

Trends of summertime extreme temperatures in the Arctic

SUI Cuijuan & YU Lejiang

Simulated impact of Southern Hemisphere westerlies on Antarctic Continental Shelf Bottom Water temperature

LIN Xia & WANG Zhaomin

The study of ice shelf-ocean interaction—techniques and recent results

Keith W. NICHOLLS

Number 4

Towards truly integrated modeling and observing of marine ice sheets

David GWYTHER

Identification of optical auroras caused by mantle precipitation with the aid of particle observations from DMSR satellites

HAN Desheng & YANG Huigen

Records in palaeo-notch sediment: changes in palaeoproductivity and their link to climate change from Svalbard

YANG Zhongkang, WANG Yuhong & SUN Liguang

Hotspots of seabirds and marine mammals between New Zealand and the Ross Gyre: importance of hydrographic features

Claude R. JOIRIS & Grant R. W. HUMPHRIES

Marine protected areas in the Southern Ocean: status and future

LI Chaolun & YANG Guang

An analysis on Sino-Russian cooperation in the Arctic in the BRI era

Olga ALEXEEVA & Frederic LASSERRE

Research on governance of HFO use and carriage on ships in accordance with the Polar Code

HAN Jialin

Meteorological observations and weather forecasting services of the CHINARE

SUN Qizhen, ZHANG Lin, MENG Shang, SHEN Hui, DING Zhuoming & ZHANG Zhanhai
