

# Advances in Polar Science

## Contents

Vol. 30 No. 1 March 2019

---

### Editorial

### Reviews

- The Asian Forum for Polar Sciences: An assessment of regional cooperation ..... 1  
Andrea COLOMBO
- Interplanetary shock-associated aurora ..... 11  
LIU Jianjun, HU Hongqiao, HAN Desheng & YANG Huigen

### Articles

- A characteristic study of humic acids isolated from Arctic fjord sediments.....24  
Jennees MATHEW, Aswathy SHAJI, Anu GOPINATH, Kottekkattu Padinchati KRISHNAN, Sanil Vadakkan LOUIS & Anoop Pullarkkat PRADEEP
- Role of lithology, weathering and precipitation on water chemistry of lakes from Larsemann Hills and Schirmacher Oasis of East Antarctica ..... 35  
Rajesh ASTHANA, Prakash K SHRIVASTAVA, Hari B SRIVASTAVA, Ashit K SWAIN, Mirza Javed BEG & Amit DHARWADKAR
- Constraints on early Paleozoic magmatic processes and tectonic setting of Inexpressible Island, Northern Victoria Land, Antarctica ..... 52  
CHEN Hong, WANG Wei & ZHAO Yue
- Characterizing three-dimensional features of Antarctic subglacial lakes from the inversion of hydraulic potential—Lake Vostok as a case study ..... 70  
LI Yan, LU Yang, ZHANG Zizhan, SHI Hongling & XI Hui
- Terahertz atmospheric windows for high angular resolution terahertz astronomy from Dome A ..... 76  
Hiroshi MATSUO, Shengcai SHI, Scott PAINE, Qijun YAO & Zhenhui LIN

Cover picture: Optical aurora observed at Zhongshan Station (paper by Liu J J, et al., page 11)
